**Court Overturns Daugherty's Ruling
Says But Makes Serving
Against Serving Liquor on High
Great Inconvenience**

EFFECT OF DECISION
NOT YET NOTICEABLE

By Associated Press.
WASHINGTON, Apr. 30 — The

ing of Attorney General Daugherty
against serving liquors on American
ships on the high seas was a

ed today by the Supreme Court which held at the same time, however, a ban prohibiting both.

ships from bringing liquor into American ports under bond legal and enforce-

able. The court held the prohibition amendment could not legally be applied to prevent American ships sailing from the Gulf of Mexico.

erages when they were outside American territorial waters. Practical effect of this decision cannot be imagined.

ately foretold but as they cannot leave American ports with liquor or bring any in it is difficult to see how Amer-

can ships could serve liquor without
great inconvenience.

LOST BROTHER

Man Here Saturday Night Says Had
Left Columbus Some Time Ago

John Potter, brakeman on the Pennsylvania railway running between Col-

umbus and Dennison, O., was here Saturday night searching for his brother, Arthur Potter, 18, who left Co.

lumbus some time ago from southern
 four. John Potter came here from
 Knoxville and is making a diligent at-

fort to find his brother. He asks
that any information be sent him at
his home, 875 Cornhill Avenue, Colum

bus, Ohio, or the detective force in that city.

The young man was last heard from at Lexington, Ky. His relatives fear that he has met with misfortune.

or lost his life. Mrs. Potter, mother of the young man, is ill, suffering from a serious heart trouble and she

is grieving over the disappearance of her son. The sweetheart of the young man has not heard from him and he

agreed to write often when he left the Ohio city.

man and car, to hire. He visited a party at a hotel and some inventions and shown him with explanation that

A THOUGHT

A THOUGHT

But he that doeth truth cometh to
the light, that his deeds may be man-
ifest, that they are wrought in God—
St. John 3:21.

A Good man though obscurest aspira-
tions,
Has still an instinct of the one true
way —Goethe

CLEAN UP CAMPAIGN
ENDS SUCCESSFULLY

With the splendid cooperation of city
officials, organizations and residents,
one of the most successful clean up
campaigns ever conducted here has
come to an end. While there are still
a number of places in the heart of the
city that could be greatly improved
upon the change effected by the cam-
paign workers is so pronounced that
we now have a clean city in compar-
ison with conditions existing before
the work began.

The Middlesboro Women's Club
which took the initiative and directed
the campaign even to the working out
of the details has done a work which
will be long remembered here and one
that brands the club as an organiza-
tion whose mission is constructive work
for the city.

Though the campaign has officially
ended, it is hoped that the work of
cleaning up by individual residents
and property owners will continue the
work until our city is entirely clean.

There are still many places of the
city particularly those outside the
business district, that have not been
affected by the campaign. Unruly
backyards and lots piled with rotting
filth from which emanates a stench fit
from odiferous are not lacking in Mid-
dlesboro. It is the duty of not only
the health officers and civic organiza-
tions but also of every citizen to use
all possible influence to have these
places cleaned up and rendered sim-
ilarly as not beautiful.

God has done his best to make Mid-
dlesboro beautiful. A member of the
Women's Club said recently. He has
clothed the hills with verdure and
would make the city as a jewel in
a splendid setting. It is a pity that
all of us do not unite in an ef-
fort to make the city as He has plan-
ned it.

COUNTRY PRESS
REMAINS AMERICAN

Once again we are having given
home the fact that the safeguard of
American liberty rests in the coun-
try press appealing as it does to sixty mil-
lions of the American people reflect-
ing their honest thought and present-
ing to them basic facts in a plain
neighborly way that has defied and
will defy the inroads of the great
metropolitan newspapers. The Amer-
ican country newspaper, thank God,
does not stand constantly at attention
ready to salute the first dollar that
comes along no matter in what un-
form it is dressed.

When our boys were fighting over-
there, the patriotic hysteria of our
contemporaries of the c-
ties knew no bounds. They broke the
denunciation of the Hun. Circula-
in denouncing riotism and patrio-
peace, however read-
ad then the business-
saddle, while analytical
parts got to work. New
and one or two other

AHA, YOUR UNCLE NOW BEGINS TO SEE THE LIGHT

LETTER FROM JOHN ALDEN
PRESIDENT TO SIDNEY
CARTON

DEAR SID

I hope you can understand old chap
what I have done. On perhaps I
hope I can make you understand what
my duty conduced his duty is very
could put it.

I do not think Leslie will ever for-
give me. And it all came about that
letter you wrote me which I received
this morning.

There was nothing in it but the
various commonplaces, nothing that
anyone might not read but you see
old fellow I could not be sure that you
would not say anything in the letter
about the one I wrote you in which
I told you of my interview with Les-
lie's father.

Leslie had not known that I had
ever written to you and when she
in the innocence of her heart—think-
ing that the letter was in answer to
the postcard she sent you not open the
envelope before I thought I snatched
it from her. Then of course I had
to play out the game as I had dealt
the cards.

I will not deny Sid that I was
angry very angry. I don't think it
any woman's business whether she
your wife your mother your step-
mother or your mistress to open your
personal mail.

I expect I told this to Leslie in a
very cruel manner for she ended by
demanding the letter from me that
she might read its contents.

If I had had any sense knowing what
I had made no illusion whatever to an-
other compromising I would have
given it to her then and there but I was
too furious. The matter ended by my
deliberately stirring a match and try-
ing to burn the d— thing before her
eyes.

Leslie made a dive for the burning
letter which in the meantime had
stopped on the carpet. Notwithstand-
ing it was blazing she tried to pick
it up and in consequence burned her
hand very badly.

Think of it Sid that dear little
hand the hand she had just given me
the letter.

DOINGS OF THE DUFFS

By Allman

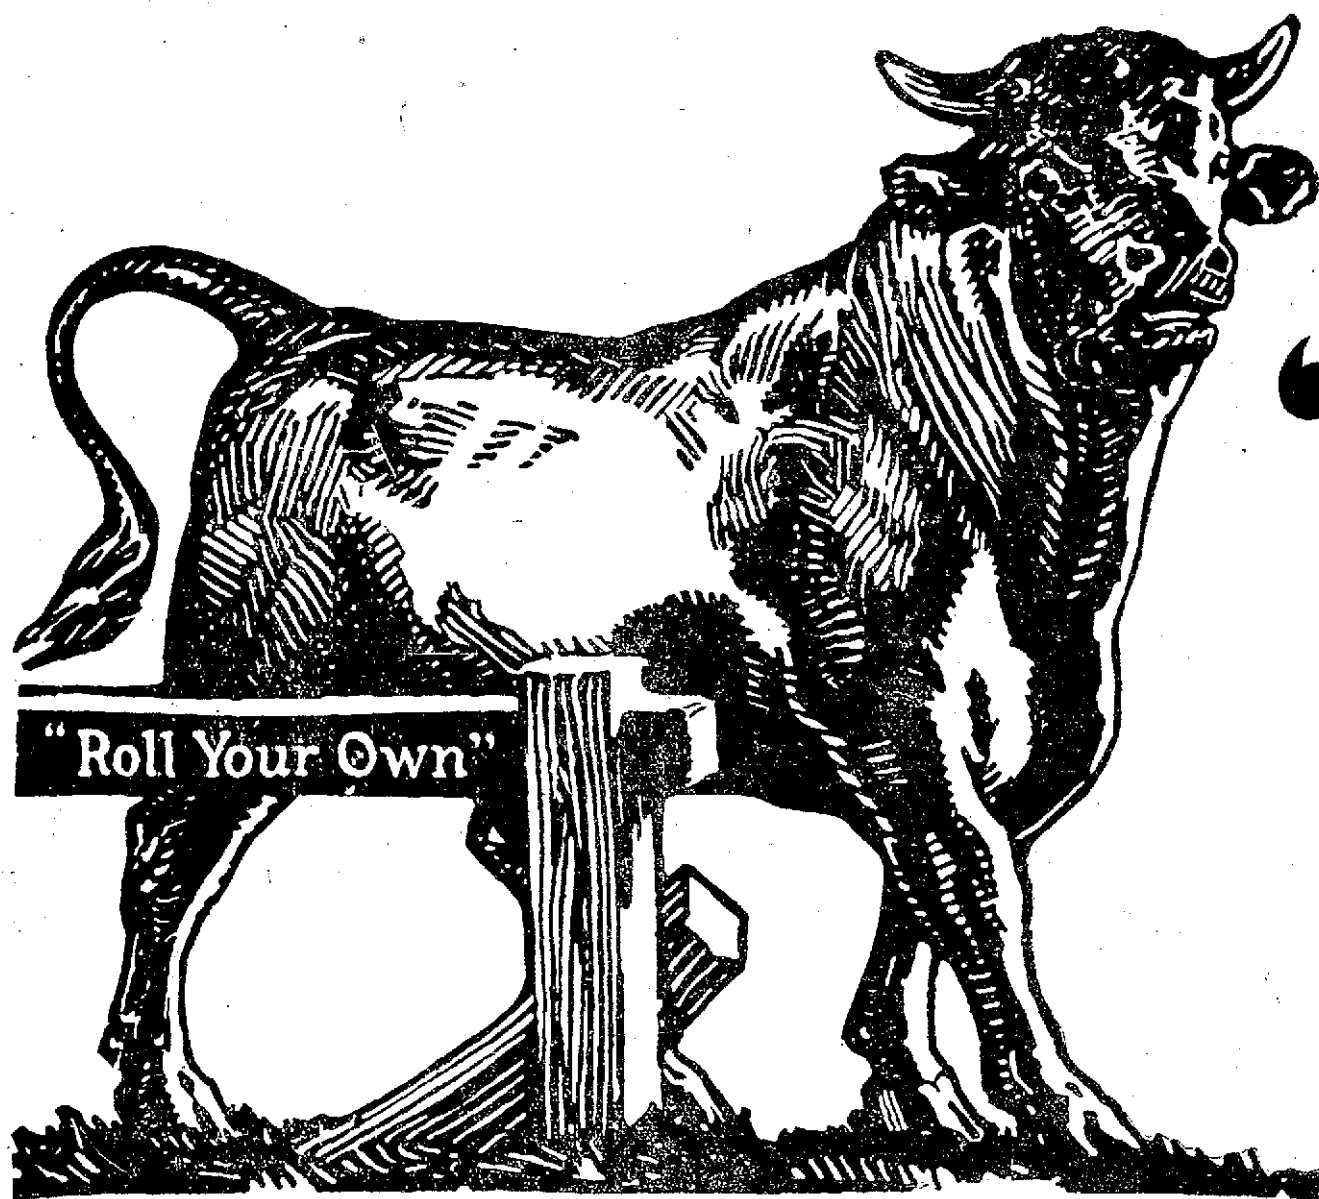

Save from \$52 to \$78 a year

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

ANSWER: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

Infertum With 2 O'clock Dinner

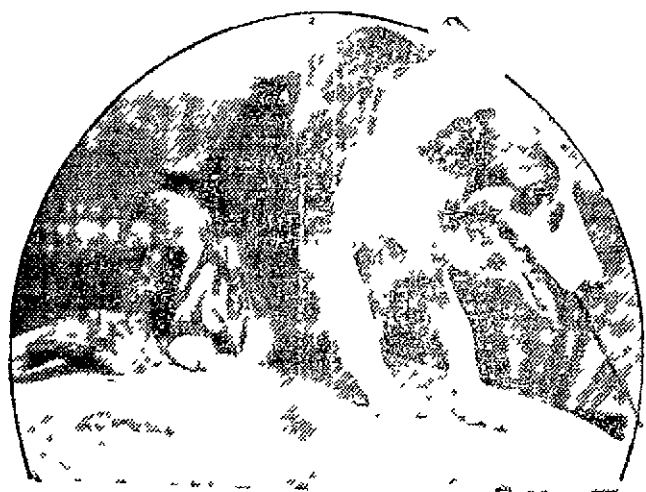

Mr. and Mrs. R. M. Mattingly of Occumbury Heights entertained with a 2 o'clock dinner yesterday. Guests were Mrs. Franklin of Louisville, Mrs. M. S. Lark of St. Louis, and Mrs. J. C. Lark of Cincinnati.

TODAY'S RECIPES

SPANISH AND EGGS

Pick over and wash one half peck of Spanish in several waters. If it is not clean, allow it to stand in cold water for a day.

DOG, HIS MASTER DEAD, KEEPS VIFIL AT 'ROCK OF MOURNING'

NEWARK, N. J. Apr. 27—Dogs are stolidly a Newark colic keeps daily rendezvous with death.

Each morning he jumps on a rock in Weequahic Park, whines mournfully and holds his vigil until nightfall. Then he slinks away disappointed.

For his little master will never come again.

Rev. the faithful dog and little Bob Johnson were inseparable. They played together for years.

Then last February little Bob tried to climb the big rock in the park. He was with him but couldn't help him much. The boy slipped, fell, bruised his skull and died in the city hos-

pital soon after.

The dog, couldn't understand why his master stopped coming.

He went out and looked but could not find him.

So he keeps on waiting at the place he last saw him.

Sometimes he tries to fight for his place. But the other dogs always get the best. The last one to fight was so badly wounded that he had to be taken to a veterinarian.

Since then the other dogs of the park seem to respect Bob's Rock of Mourning.

For they haven't been able to make the collar give up his watch.

His still waiting for little Bob.

lains valuable sales and should not be thrown away.

This dish with the eggs is a good luncheon or supper dish and needs only a side by food such as rice macaroni or potatoes. French fried or state potatoes are a good accompaniment.

Our Automobiles

AUTO NOTES

The ideal section of Lincoln Highway in Indiana will cost \$2,000,000 to build.

Dust in the air drawn in through the carburetor causes considerable engine trouble.

Indianapolis 700 mark race on 192 will be for cars with engine displacement of not more than 122 cubic inches.

Wind resistance causes a loss of 20 per cent power when the car is going 40 miles an hour.

Truckers sometimes become dirty worn or pitted and should be smoothed off and adjusted.

In adjusting brakes, both front should be made to act with equal force.

Since 1913 trend in auto design has been toward higher crankshaft speed.

Auto Flat Rack

A simple kind of flat rack to be attached to the tops of open automobiles is being manufactured. Put it on and it is just as easy for a mechanically minded auto driver to put on one of his own make as shown here.

No Match Needed

Summer picnickers need not worry about the lack of matches to start their bonfires. They have their automobile in running order. All they need is to seek a cloth in gasoline which a line from one of the spark plugs and start the engine. By applying the gas-soaked cloth to the plug, and removal of the ignition line a light will be obtained from the instant spark.

WHOLE CITY ENTHUSIASTIC

Aboard a trolley car in a well known Southern city a man was heard telling a companion of a woman of remedy he had recently used for Liver and Kidney troubles. Brounsness, Sick Headache and Loss of Energy. Being it coming down town five other men and women from the same community were telling of their experience with this wonder remedy in treating Rheumatism, Uric Acid Poison, Skin Diseases, Boils and other blood troubles. They were all pictures of health and in a happy and grateful mood. The remedy under discussion was—

DR. LIVINGSTON'S REGENERATOR

THE GREAT NERVE TONIC AND BLOOD PURIFIER

There are many other communities from Texas where people have used this remedy and are just as outspoken in their denunciation for the wonderful and successful results obtained by it in nature to restore the sick and afflicted to a strong vigorous condition.

Dr. L. V. R. is a purely vegetable remedy composed of health's sake get started on this remedy today and note after a thorough five day trial. Price \$1.00

NOTICE: If REGENERATOR cannot be obtained from regular dealer ask him to order it from his jobber, and post paid by us upon receipt of \$1.00. Address: Regener Co., Dept. L., Atlanta, Ga.

BUY YOUR NEW AUTOMOBILE NOW

Buick President Explains Business Conditions Points to Higher Motor Car Prices

"Every individual who contemplates the purchase of a new car should buy now," is the timely advice of H. S. Leyman, President of The Leyman-Buick Company.

"Fundamental business conditions and the rising raw material market. Practically every manufacturer of points to higher automobile prices. Motor cars is facing the same situation. Automobile prices cannot stay down if material prices continue to advance by leaps and bounds as they have been during the last few months.

"A brief resume of recent happenings in the raw material market will serve to substantiate the claim that prices of material are on the upward trend. Cotton is practically double in price. Hides have advanced 3½ cents per pound in the last year. Tin has jumped from 29 cents to 42 cents per pound. Copper is 25 per cent higher. Lead is about double its last year price. Basic pig iron is quoted around \$28. from \$18. while Bessemer steel billets have risen from \$28.00 to \$40.00. Aluminum shows a rise of 28 per cent.

"These are facts that stare us all squarely in the face. They cannot be overlooked. In some way or another a part of all of the entire list just mentioned enter into the construction of every motor car.

"How then can automobile prices remain stationary when the motor car manufacturer is obliged to pay more of raw materials? This is the question—a much mooted subject right now in automotive circles.

"Automobile buyers should be quick to see the handwriting on the wall. The advice of those qualified to judge is to buy now and realize a saving."

GARAGE GAS AND GOSSIP

Preliminary sketches for the new Motch Motor company building have been received from Manly and Young, Knoxville architects.

Jerry, the pet coon of Bill Catron, is worrying over the contemplated new Catron garage building for erection of the new building will mean the removal of his home.

Both sides won and lost in auto accident damage suits maintained in circuit court here last week.

Some sort of a bouncing attachment ought to be invented for use on cars here after Cumberland avenue is resurfaced. It would make the boys feel at home and the chiropractic doctor would retain his patronage.

More touring car style bosses are appearing on the lines. The ancient, board-seat trucks will soon have altogether disappeared.

A taxi auto was destroyed by fire Saturday. Well, city license would have been due tomorrow so the loss is not so bad.

Five Fords were manufactured while you were reading these notes.

A question for argument: Does the Star eclipse the Moon in the automotive constellation?

A flivver was a prisoner at the county jail last week. In order to get rid of it the judge imposed the minimum fine.

Local motorists are already betting on how long they can go without paying city license.

Children of the South Sea Islands, it is said, learn to swim before they learn to walk. In Middlesboro they attempt to drive cars before they can walk.

ENGLAND PRODUCES LESS THAN 40,000 MOTOR CARS YEARLY

By Associated Press.

LONDON, April 30.—Every tenth person in the United States owns an automobile, according to British statistics. American manufacturers produce in a single month more than the total number of cars now in use in the whole of Great Britain, which is 314,769. In 1922 America turned out nearly 3,000,000 cars. Britain's output was less than 40,000.

American automobile owners in 1922 used 32,000,000 tires and 34,000,000 inner tubes. The total number of employees in the British car industry is less than 100,000 which is insignificant when compared with any one of the prominent American factories. In Great Britain there is only one automobile to every 152 of population.

British manufacturers are discarding the heavier motors for lighter and more flexible designs. They have found that the modern 10 or 12 horse-power light car performs better than the heavy 20 or 30 horse-power car of a few years ago. The lighter cars have remarkable power of acceleration, flexibility, and smoothness of running, due to their high-speed engine.

As the cost of licenses in Britain is based upon the horse-power of the motor, it is important to confine the size of the motor to reasonable limits, especially for the man of moderate means.

Many parents are not on spanking terms with the children.

Neighbors' phonographs hold the non-stop playing record.

A used car owner tells us he is driving a bargain.

People go to a lot of trouble they should keep away from.

Every man thinks his garden plot is the land of promise.

When you see onions in the front yard instead of flowers, hubby is the boss at home.

Keep out of jail if you can. Jail is too confining.

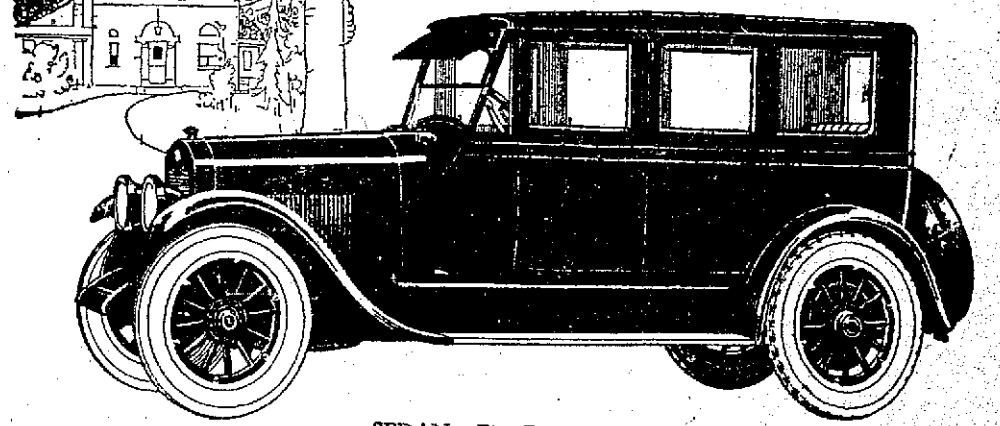

Since 21 say they married a Pennsylvanian, he should be run out of jail for punishment.

LINCOLN MOTOR CARS

There is a pride of ownership which comes instinctively to the man who drives a Lincoln. It is felt with the first mile that the car is driven.

It grows with each succeeding demand upon the performance ability of the motor—the riding luxury of the car itself—until it reaches its fullest realization in a complete knowledge that there is no motoring requirement which cannot be met by this car.

THE NEWS FROM PINEVILLE

LEXINGTON ORCHESTRA HERE FOR STROLLER'S DANCE

PINEVILLE, April 30.—Music will be furnished next Wednesday night for the Stroller's dance by the Blue and White Six of Lexington, one of the best orchestras in the state.

Dick Barker is chairman of the arrangement committee and the other members are Mrs. R. M. Watt, Fannie Leman, Ed. Samuels, Bob Atkins and Grover Creech.

PRESBYTERIAN WOMAN'S AUXILIARY ENTERTAINED

PINEVILLE, April 30.—The Woman's Auxiliary of the Presbyterian Church were entertained at the home of Mr. and Mrs. George Marting Thursday night. The devotional was led by Mrs. John Caldwell, Jr., and talks were made by the Rev. C. L. Nisbet, Miss Lena Rollins and Mrs. C. C. Mathis, president of the organization.

The following musical program was given: Numbers by a quartette composed of Miss Fannie Leman, Mrs.

Hattie Vance, Miss Myra Johnson and Mrs. Ray Moss, accompanied by Miss Louise Buck; Miss Jennette Metcalf a piano solo; Miss Florence Johnson sang, accompanied by Miss Virginia Stevenson, and the Rev. and Mrs. Nisbet sang a duet. The program was arranged by Mrs. Richard Barker and Mrs. Ed. Settle.

Refreshments were served.

Straight Creek Woman Dies
PINEVILLE, April 30.—Mrs. Rosa Cox, 36 years old, died Thursday from dropsy at her home in Straight Creek. She is survived by her husband, Green Cox, and three children Mary Carr, 11 years old, Willie Edison, 3, and Eva Grace, three months old. The funeral services were held Friday afternoon.

Mr. and Mrs. W. B. Myers of Pineville attended the recital of their daughter, Miss Harriet Myers, at Lincoln Memorial University. This recital is a requisite of graduation from the L. M. U. musical department.

Dancing five days and nights is darn near as foolish as worrying five days and nights.

Ty Cobb Has Three Sons To Uphold Family "Rep"

TY COBB AND HIS THREE SONS, TY, JR., AGE 13; HERSCHEL, 6 AND HOWELL, 1.

Will the sons of Ty Cobb, famous outfielder and manager of the Detroit Tigers, uphold the reputation their dad has established on the ball field?

There are five children in the Cobb family. Three sons are pictured above with their illustrious father. Ty Jr. has already shown exceptional ability

LEXINGTON HERALD AGAINST COAL TAX

Believes Kentucky Mining Properties Bear Fair Part Taxation—Assessment Only Way.

The Herald of Lexington Ky., comes out against the proposed Kentucky coal tonnage tax, and without political bias discusses the matter in the following business-like manner:

"The question of a coal tax is equally negligible in comparison with other issues. We have never heard any man in Kentucky and we have asked many, outline any definite and feasible program in regard to the coal tax. But

as a player. However, he leans to pitching rather than playing the outfield.

While the number of the leading southern colleges are already trying to induce Ty Jr. to attend their respective schools it is said the young man has expressed a preference for Princeton.

no member of the legislature or executive officer in Kentucky should favor a production tax under the present conditions, when the imposition of that tax would be an additional burden on Kentucky coal in competition with other coal. The whole question of the coal tax seems perfectly simple, that there shall be a fair assessment of coal properties so that these properties shall bear a fair portion of the burden of the state, and that those properties shall be protected from the political wolves who seek to feed on their vitals. An honest board of tax commissioners is the prime requisite, and with that essential the question of the coal tax is eliminated.

"The talk about coal properties not bearing their fair proportion of taxation is generally not true. We happen to have some personal experience in coal properties, making that investment on the advice and in connection with the best informed coal men in Kentucky. As a result of the movement, in which our investment was relatively infinitesimal, over one hundred and fifty millions of dollars were expended in eastern Kentucky in the construction of railroads, the erection of houses the opening of mines.

"From 1912 until this day we have not received an average of three percent on that investment, and would today gladly sell all that we purchased in 1912 for the cost price and the difference between the interest we have received and six per cent per year.

"Merely an illustration of the folly of attempting to make the imposition of the tax on coal lands 'a paramount issue', fifty thousand dollars invested in coal lands in eastern Kentucky in 1912 has not brought an average return of three per cent, and through over one hundred and fifty millions of dollars have been spent in developing that section, that fifty thousand dollars cannot be sold on the market for much if any more than the original investment, whereas fifty thousand dollars invested in other forms of security in Kentucky would have brought many times the original investment! Fifty thousand dollars invested in Standard Oil of Kentucky in 1912 and held to the present would be worth on the market over two million dollars! Those who attempt to make the im-

position of the coal tax a leading political issue are either ignorant of the facts or mislead."

Day have gone to Louisville where they will visit for several days. Born to Mr. and Mrs. H. E. Heaton Sunday night a baby girl.

Mrs. Toke Hall who has been ill for some time is reported as improving. Mrs. R. B. Helton of St. Charles, Va. and Mrs. Edna Pierre of Knoxville were guests of Mrs. Katie B. Russell yesterday.

Mrs. William Britton of Shawano is visiting her mother at the home of Mrs. Katie Russell.

Il. M. Stone, representative for the Log Mountain Coal Corporation in Michigan, is in town.

Miss Ruby Harris of Powell's Valley was shopping here Saturday. Mr. and Mrs. Will Haynes had as their guests from Knoxville Saturday night Miss Nell Hunter, Howard Hunter and Fred Cagle.

LYNCH BULLDOGS WIN FIRST BALL GAME OF THE SEASON

LYNCH, April 26.—The Lynch Bulldogs opened the Baseball Season here by winning over the L. and N. team from Louisville by the top heavy score of 21 to 1. The Bulldogs seemed to have very little trouble from the very beginning of the game, making nine runs in the first inning. The visiting team put up a game fight but they showed by their playing that they were inexperienced and had had very little coaching and practice. The Bulldogs went into the game with the same vigorous spirit that characterized their playing all last season and robbed the fans of any thrills or suspense by practically winning the game in the first three innings.

Coleman pitched the first five innings for Lynch and allowed only two hits. The game was finished by Dean pitching for Lynch, striking out four and allowing no hits. Sloan, Kilpatrick and Foster of the Lynch team hit home runs. Mayer pitched the entire game for the Louisville team but he was an easy mark for the Lynch sluggers. Mattingly and Showalter of the visiting team each succeeded in setting one hit off pitcher Coleman.

The lineup of the teams were as follows:

Louisville: Hoover, 3b; Cundriff, 2b; E. Mattingly, ss; A. Mattingly, cf; Showalter, lf; Deering, 1b; Carnes, rf; Martin, c; Mayer, p. Lynch: Bailey, cf; Kilpatrick, 2b; Sloan, cf; Foster, 1b; Barton, lf; Morton, 3b; Carson, ss; Powers, c; Dean, p.

The weather was ideal and the game was witnessed by approximately three thousand people.

SHOOTS THROUGH WINDOW, KILLING MAN IN ROOM

HARTMAN, Apr. 26.—Chas. Ellison is awaiting the action of the grand jury on a charge of killing Morgan Tinsley, the shooting having occurred at Four Fork Monday.

Ellison came home according to officers, and knocked at the front door. Failing to arouse his wife, he went to the back door and turned a flashlight upon the window. Tinsley who was spending the night at Ellison's house, was seen getting out of bed, and Ellison, thinking that it was his wife's bed, fired and killed Tinsley.

It was later developed, according to officers, that Mrs. Ellison was not in the room where Tinsley was sleeping.

Do you know Baseball?

Questions

ONE—Pitched ball strikes several feet in front of the home plate. The moment it so strikes the umpire calls, "Ball." The ball then strikes the batsman. What about it?

TWO—Can pitcher stand to the side of the rubber and feint his windup, then throwing to first in an effort to catch a runner napping?

THREE—Umpire calls balk on pitcher, who then delivers the ball to the batsman, who hits a home run over the fence. What is the proper ruling?
